

Product Ingredients

Heritage

Vegetable Gum Turpentine	Distilled from tapped oleo-resin of selected species of Pinus (pine tree). A natural solvent, excellent degreaser.
Walnut Oil	Cold pressed from walnuts. Used for it's ability to moisturise and feed timber.
Carnauba Wax	Exuded from leaves of the Brazilian wax aplan tree, this is a very hard, high shining natural wax of premium quality.
Paraffin Oil	Edible grade mineral oil, excellent as a lubricant, wood conditioning or polishing agent.
Cetearyl Alcohol	A 70:30 blend of cetyl and stearyl alcohols, used as an emulsifier, thickener and gentle emollient.
Castor Oil	Obtained from the seeds of Ricinus communis to produce an emulsifier, solubiliser with surfactant properties.
Cetyl-Oleyl Ethoxylate	An emulsifier and conditioner produced from the cetyl and oleyl alcohol extracted from palm oil.
Fragrance	All fragrances are exclusive blends based on natural floral and herbal extracts. Some blending with perfume compounds is necessary in some products for balance and stability.
Sodium Hydroxymethyl Glycinate	Gentle preservative derived from glycine, or aminoacetic acid - a naturally occurring amino acid. Commonly sourced from sugar or soy.
