

Product Ingredients

Sensu Deoderant

Ethyl Alcohol	Natural alcohol obtained from sugar cane. An evaporative solvent, carrier and solubiliser
Triethyl citrate	
Caprylic/capric/linoleic triglyceride	
Farnesol	
Dimethicone Copolyol	A silicone polymer. Silica is sourced from sands. This variety of use produces a result suitable for skin conditioners, lubricant but non-greasy.
Calcium pantothenate	
Hydrolysed Sweet Almond Protein	
Extract of Witch Hazel	An astringent, stimulative, protectant and anti-inflammatory herb.
Extract of Sage	Other Names:Clary. Anti-perspirant, anti-microbial and sebostatic properties. Excellent gentle tonic for sensitive skin.
Chitosan	
Fragrance	All fragrances are exclusive blends based on natural floral and herbal extracts. Some blending with perfume compounds is necessary in some products for balance and stability.
Menthyl Lactate	
Tocopheryl Acetate	Natural Vitamin E, from wheat germ or soy bean. Anti- inflammatory, emollient, moisturiser and anti-oxidant properties.
Lactic Acid	Natural AHA. Assists in cleansing and exfoliating dead skin cells. Encourages cell renewal, tones and refines the skin, neutralising excess alkilinity. Abundant in nature or obtained from milk. Also found naturally in molasses, apples and plants such as the Foxglove. Ours is prepared technically by fermentation of carbohydrates (sucrose or glocose).
